And What Have You

By BOB CRAIG

Both the coaches and the fans seemed well pleased with the intrasquad scrimmage here Saturday evening. With the varsity split up the way it was it was hard to get a good picture of the team the Pipers will field this fall, but the spirit was high and there seemed to be lots of boys with a real desire to play football.

We have mixed emotions about this new U.I.L. rule that prohibits working out in pads the first four days. From comments in the Reporter-News it would appear that most of the area coaches are not too happy about the rule.

The big problem seems to be—what do you do in eight workouts without pads? But on the other hand it just might work out where the boys will have a little better chance to learn their assignments and to get in shape for the head knocking to follow.

The first real good look at this year's team will come this Friday evening when they host the Seymour Bulldogs in a controlled scrimmage. Both the boys and the coaches would like to have a good turnout for this scrimmage so why don't you make your plans now to attend.

We would also like to remind all Piper fans that they need to join the Booster Club and buy their season football tickets. If you buy your season tickets now you can save 50 cents a game over the price you will have to pay at the gate. This means that you can get a reserve seat for the price of a general admission ticket if you act now.

The home schedule is a good one this year with Rotan, Coahoma, Winters, Stamford and Anson all playing here.

And not only do you need to join the booster club, but you also need to attend the meetings each Monday evening when the season starts. The club can use your money but more important it needs your support and attendance.

We ran across an editorial in The State Line Tribune of Farwell by publisher John Getz that takes a good look at our fight against poverty and comes to the same conclusion that we have held for a long time. His editorial follows:

"A headline in a national magazine caught our eye recently. The story caption asked, 'Can the U. S. Eliminate Poverty?' We have not read the article so do not know what was the conclusion of the writer, but our answer to the question is a flat NO.

"We say this because 'poverty' is a relative term. That is, it connotes a difference in economic status within a society. Poverty in the United States is a great deal different from poverty in, say India or Nigeria.

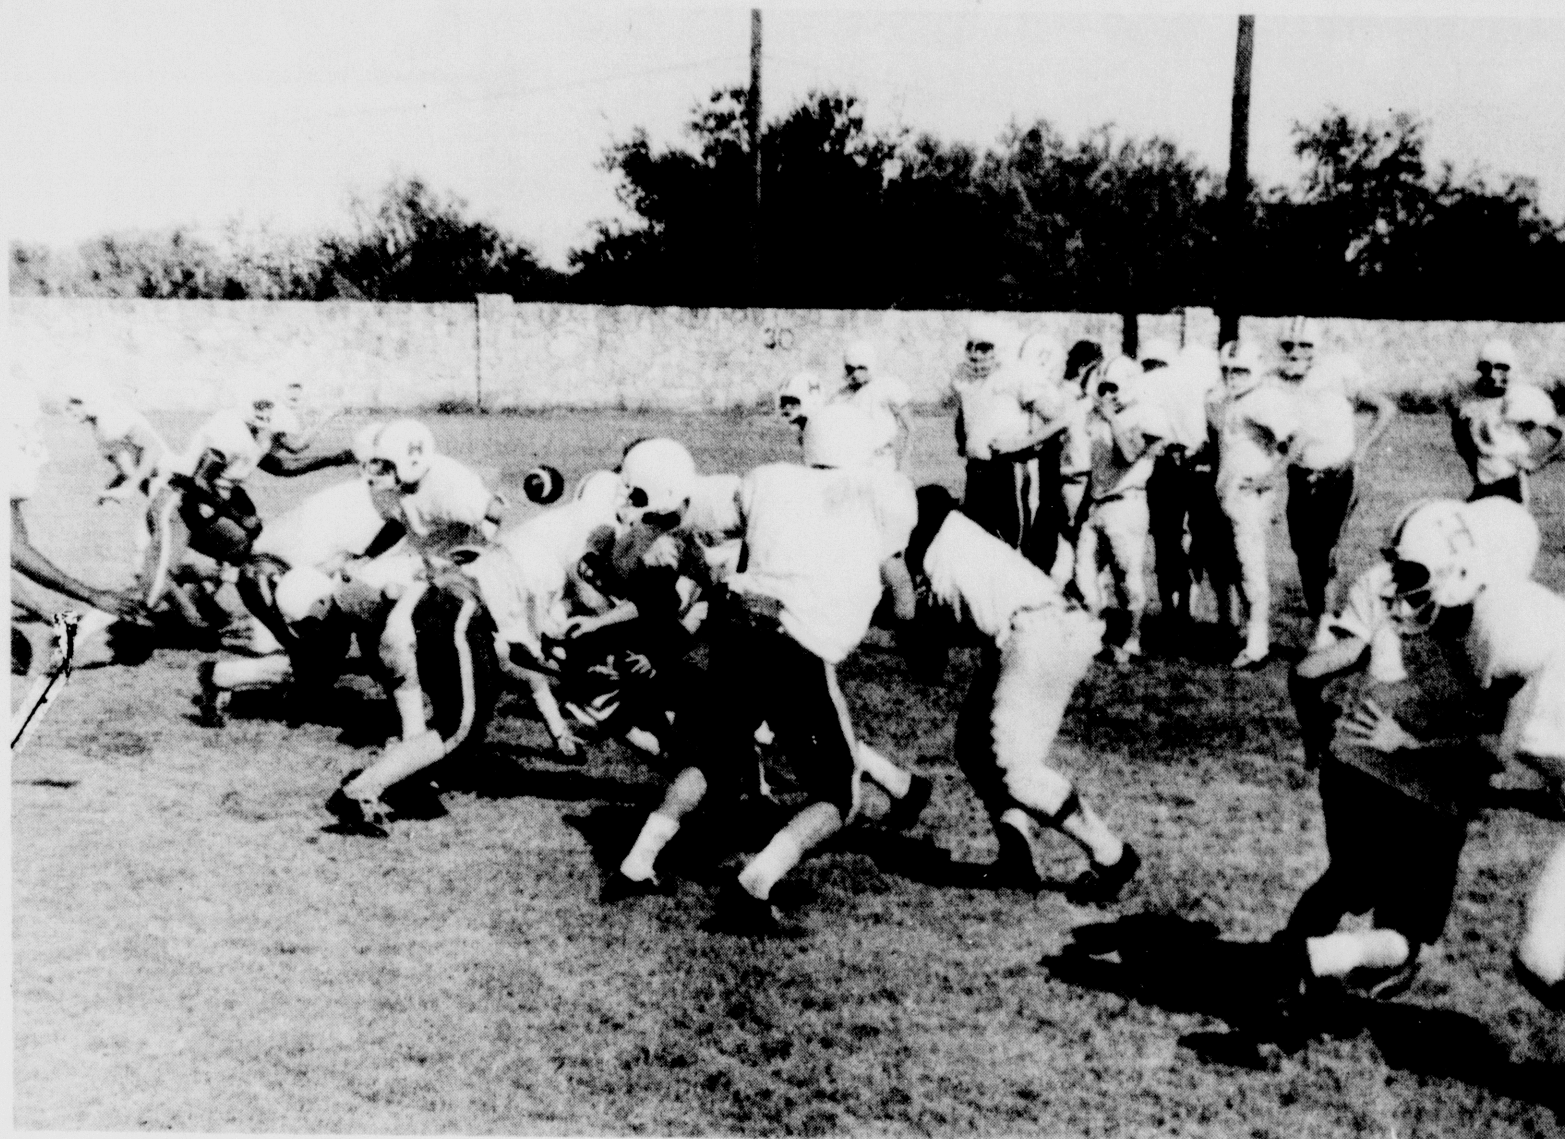

"On the other hand, 'starvation' is the same in any country. You can see starvation at work. Pinched faces, gaunt ribs, distended abdomens are all visible signs of starvation's hand.

"Find any person classified as being in 'poverty' in this country with stamp of starvation on them and it will almost be one for Ripley's cartoons. Yes, we have eliminated starvation in this country, or we certainly have the machinery in motion that will eliminate it.

"The removal of poverty as an economic fact is another ball of wax. We believe that poverty is also a state of mind as well as economics. Some people will not ever exert the effort to remove themselves from a poverty status. To them they are completely and wholeheartedly satisfied with their way of living.

"Some people, as long as they are given the necessities of food, clothing and some shelter, minimum as they may be, will be happy. The thought of doing a day's work to improve their

Area Chairmen Named for Cattlemen's Round-Up

Appointments of the area chairmen for the 12th annual Cattlemen's Round-Up for Crippled Children have been announced by Charlie Morris of Abilene, general chairman.

The 138 men and women, along with many others will lead the Round-Up, a major source of support for the non-profit West Texas Rehabilitation Center in Abilene, Texas.

Over the past eleven years the Round-Up has raised in excess of one million dollars to help the multi-faceted Center carry on its comprehensive program of diagnostic and rehabilitative services. This year's budget is \$450,000, with the 1972 Cattlemen's Round-Up for Crippled Children expected to raise \$120,000 of that amount.

During the Round-Up, leading ranchers throughout Texas and other Southwestern states donate livestock of all kinds to be sold at one of the special auctions. The Cattle Sale is set for September 25 at Ranchers and Farmers Livestock Auction in Abilene, with Horse and Sheep Sales set for early October in Abilene and Coleman.

General Chairman Morris describes the annual Round-Up as "something close kin to the barn-raising of yesteryear, when a neighbor pitched in to help another neighbor in need." Morris added, "The West Texas Rehabilitation Center has been helping the handicapped of the

Southwest for over 19 years because of the generous support of compassionate, concerned people."

Area chairmen for the 1972 Cattlemen's Round-Up for Crippled Children are: Bill Feagan and Cecil Sellers of Hamlin; and Leonard Branch, Steve Cochran, George Humphrey and A. A. Tate of Aspermont.

School Enrollment Shows Large Drop

Total Hamlin school enrollment was down 60 students from last year on the opening day of school Monday, according to figures released by Supt. Bob Hawes. Last year's enrollment after the first week of school was 849 compared to this year's first day enrollment of 779.

Supt. Hawes said Tuesday that he thought that the local enrollment would level out after Labor Day and still hoped that it would climb nearer to last year's figures. He also urged any parent who had not enrolled

their children in school yet to do so as soon as possible.

A breakdown of opening day enrollment by schools was as follows: primary, 137; elementary, 179; junior high, 212; high school, 261.

Final Efforts Being Made To Pave 'A'

A final effort is being made to raise enough money to pave Southeast Avenue A from Third Street to where it joins South Central, according to Robert Fowler, chairman of the project. At the present time the paving fund is still short about \$1,000 of the \$2,700 needed, Fowler said.

Fowler said that he hoped to be able to raise the balance of the needed money within the next week or two so that the paving work could be done in September. He added that those interested in the project are hoping to get the paving done before the cotton harvest when the street receives heavy usage.

Anyone interested in donating to the fund is being asked to make their donation at the Farmers and Merchants National Bank or at Moore Elevator.

New Hours Set For Library

A new schedule for Harden Memorial Library has been announced by Mrs. Wilma Edwards, librarian. The change in the schedule was made in order that more people could be served, she said.

Mrs. Edwards encourages everyone to take advantage of the library at 324 Southwest Ave. A.

A 14-year-old boy, a run away from Fort Worth, was picked up here Thursday by local police personnel. His parents came for him Saturday.

FROM THE FILES . . .

Forty-Three Years Ago
(August 23, 1929)

Summer time has its effect on Rotary as well as a few other organizations. But the past Wednesday there was almost the regular attendance and a number of visitors were present. The Hamlin-Stamford Clubs will give an inter-city meeting about Sept. 6 at Lueders Park and all the neighboring clubs will be asked to send representatives.

The Herald is requested to announce that a protracted meeting started at the Wise Chapel Church Thursday night, August 22. Rev. J. J. Lockhart is the pastor, but Rev. T. A. Johns, of Pittsburg will do the preaching. You are cordially invited to attend this meeting which will continue probably ten days.

Last Saturday afternoon it was seen that the Hassen store had opened its doors. It was not their formal opening, but the facts are that it got so hot inside that they had to have air to work in, preparatory to opening. This week you see their announcement in the Herald. This does not mean their formal announcement but to let you know that they have opened their doors for business. They have lots to do before they are ready for a formal opening.

Twenty Years Ago
(August 22, 1952)

Collection of good used clothing and shoes for needy children of the Hamlin community was made a project of the Parent-Teacher Association when the welfare committee of the PTA met in the home of Mrs. M. L. Smith Friday. Urgent need of the clothing for a number of school children of the community was discussed by the group, as well as other projects planned for the coming school year.

It's nearly election time again around Hamlin and the rest of the state. But unless there is actually more interest in voting in the run-off primary Saturday than The Herald has been able to locate, less than 50 percent of the voters of the county will turn out to their ballot boxes.

Mrs. E. M. Wilson, secretary of the Hamlin Chamber of Commerce for the past ten years, was presented a jewelry gift in appreciation of her service when members of the board of directors of the civic organization met Tuesday morning in regular monthly session. Mrs. Wilson will conclude her tenure of service on August 31.

Philosopher Claims to Have Found
Man Who Has Read Both Platforms

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One makes a sensational claim this week.

Dear editor:
You may not believe this but I've found a man out here who claims he has read every word in both the Democratic and Republican platforms, and I was thinking, don't you think we ought to capture him and exhibit him at a fair or some place?

I suppose the people who struggle for long hours writing a platform and hunting for words with the proper blur must read it, at least the planks they had a hand in producing, but to find a voter who has read one all the way through, not to mention two, is as rare as finding a

politician who's not in favor of cutting taxes while he's raising them.

As far as I can tell, a platform, six months after it's adopted, is about as useful a document as the minutes of a year-before-last's P.T.A. meeting.

At nearly every national convention you're always hearing about floor fights over the platform, with television reporters interviewing everybody right and left, but it's usually about like arguing with the referee in a football game.

You might say that adopting a platform is like the pre-game ceremonies at a professional football game when the captains of both teams walk out to the middle of the field for the coin toss and the referee indicates who gets to receive,

when actually it was tossed and the receiving side selected an hour earlier when the two teams were still in the dressing room.

I asked this man who'd read both platforms if he's made up his mind how he's going to vote and he said things are still a little cloudy and it's still a long time till November. Asked me if I had any good books he could borrow.

Yours faithfully,
J.A.

Mrs. John Rowland and children, Melanie and Britt, of New Orleans, La., spent 10 days here visiting with her parents, Mr. and Mrs. Cecil Brown, and her husband's parents, Mr. and Mrs. Brad Rowland, and other relatives. They also attended the Rumfield Reunion at Abilene State Park.

Several Hamlin business houses and professional men have announced that they will observe Monday, September 1, as a holiday by closing for Labor Day.

Ten Years Ago
(August 23, 1962)

The people of Hamlin will be given the opportunity of being immunized against polio during a massive drive which encompasses a wide area of West Texas. Hamlin is joining with other West Texas towns in setting aside Sunday, Sept. 16, as the day for the mass oral vaccination program.

The Hamlin Lions Club will sponsor what is billed as a "Screwball Game," a match between the Hamlin Merchants Baseball team and the Mid-West Cooperative Oil Mill Softball team, Monday night at the Hamlin Ballpark. Each team will play its own rules. The only difference will be the team batting will bat the other team's balls. There will be two sets of bases, regulation 60 foot for softball and 90 foot for hardball.

E. J. Whaley, who farms east of town on the Earl Whaley homeplace brought in the first bale of cotton for the season.

The Hamlin Volunteer Fire Department has been called out on two occasions during the past week for grass fires. Weather conditions have been such to cause the grass to be extremely dry so the Fire Marshall Ed Branscum has requested that Hamlin residents be very careful when burning trash in order to prevent grass fires.

condition sends them back to bed with the ague.

"In spite of the best bleating of the liberal left, human nature will prevail. It has since recorded history and will go on into the indefinite future. Our outpouring of billions of borrowed dollars will not eliminate "poverty." It will only increase the possibility of us all living in a depressed condition.

We feel that a national endorsement this fall of the liberal philosophy will lead to a state where, "it is taken from each according to his ability and given to each according to his need."

THE HARVEST

"While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease."

Genesis 8:22

The harvest each year should remind us of God's great promise to man. This promise was made right after the great flood, from which only Noah and his Ark survived. Just prior to the flood, all men lived so evilly that it grieved the Lord that he had made man of the earth.

Today the churches stand as a bulwark against evil. Attend church regularly so that never again would man grieve the Lord as before.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

What's in it for ME?

"I'm not a member of the electric cooperative. They don't serve my town. What do they mean to me?"

A great deal, my friend! The member-owners of the nation's rural electric cooperatives buy one billion dollars worth of appliances every year from home town merchants like yourself!

Clean, low-cost power in rural areas served by the Midwest Electric Cooperative provides for more efficient production of food and fiber, enhances rural recreational facilities and makes life a lot brighter for everyone.
